Summary

React Wrangler and PADI Divemaster by day, Titan Sentinel and Impera Brigade by night.

Experience

Frontend Developer

Dottid

Apr 2020 - Present (1 year 1 month +)

Fullstack Engineering Apprentice

Thinkful

Sep 2019 - Feb 2020 (6 months)

Released [wtfshouldicook.com](https://www.wtfshouldicook.com) as a capstone project. Focused the UI/UX on simplicity while reinforcing my React/Express/PostgreSQL knowledge.

Strengthening my knowledge of the latest Javascript techniques using React and Express.

Expanding my use of back end technologies by incorporating a second live server for housing my database in PostgreSQL.

Server

Cork & Pig Tavern

May 2019 - Aug 2019 (4 months)

Worked in a very high-paced environment while being able to upsell food and beverage recommendations.

Provided excellent customer service and ensured that all of my customers were well taken care of.

Participated as an excellent team member to accomplish goals and objectives.

Server, Bartender, and Service Bar

Alamo Drafthouse Cinema

Dec 2018 - May 2019 (6 months)

As a server I greeted and took care of guests in the theaters.

Service Bar handled all drinks for theater guests, including prep work for garnishes and sauces/syrups used.

Bartended at the Vetted Well in Las Colinas. Created craft cocktails for guests and offered advice on beer/liquor selection.

Server and Take Out

Hook's Sushi and Thai Food

Jul 2018 - Nov 2018 (5 months)

Greeted and served guests in the restaurant and sushi bar.
Handled incoming calls for take out orders, large and small.

Information Technology Specialist

World Wide Technology

Apr 2014 - Mar 2015 (1 year)

Drafted and edited work instructions for programming hardware per customer requests.

Handled incoming customer questions and concerns regarding products and internal processes.

Assisted workers on location with troubleshooting software and hardware issues.
