---

Experience

Dottid | Fullstack Engineer | *April 2020 - Present*

Intrinsically transform flexible manufactured products without excellent intellectual capital.Energistically evisculate orthogonal architectures through covalent action items. Assertively incentivize sticky platforms without synergistic materials.

Thinkful | Fullstack Engineer | *Sep 2019 - Feb 2020*

Released wtfshouldicook.com as a side project, focused UI/UX on simplicity using React. Released a production ready project management app manageLazily.com using React and Firebase.

Cork & Pig Tavern | Server and Bartender | *May 2019 - Aug 2019*

Worked in a very high-paced environment while being able to upsell food and beverage recommendations. Provided excellent customer service and ensured that all of my customers were well taken care of. Participated as an excellent team member to accomplish goals and objectives.

Alamo Drafthouse Cinema | Server, Bartender, and Service Bar | *Dec 2018 - May 2019*

As a server I greeted and took care of guests in the theaters. Service Bar handled all drinks for theater guests, including prep work for garnishes and sauces/syrups used. Bartender at the Vetted Well in Las Colinas. Created craft cocktails for guests and offered expert advice on beverage selection.
